

# TORNADO

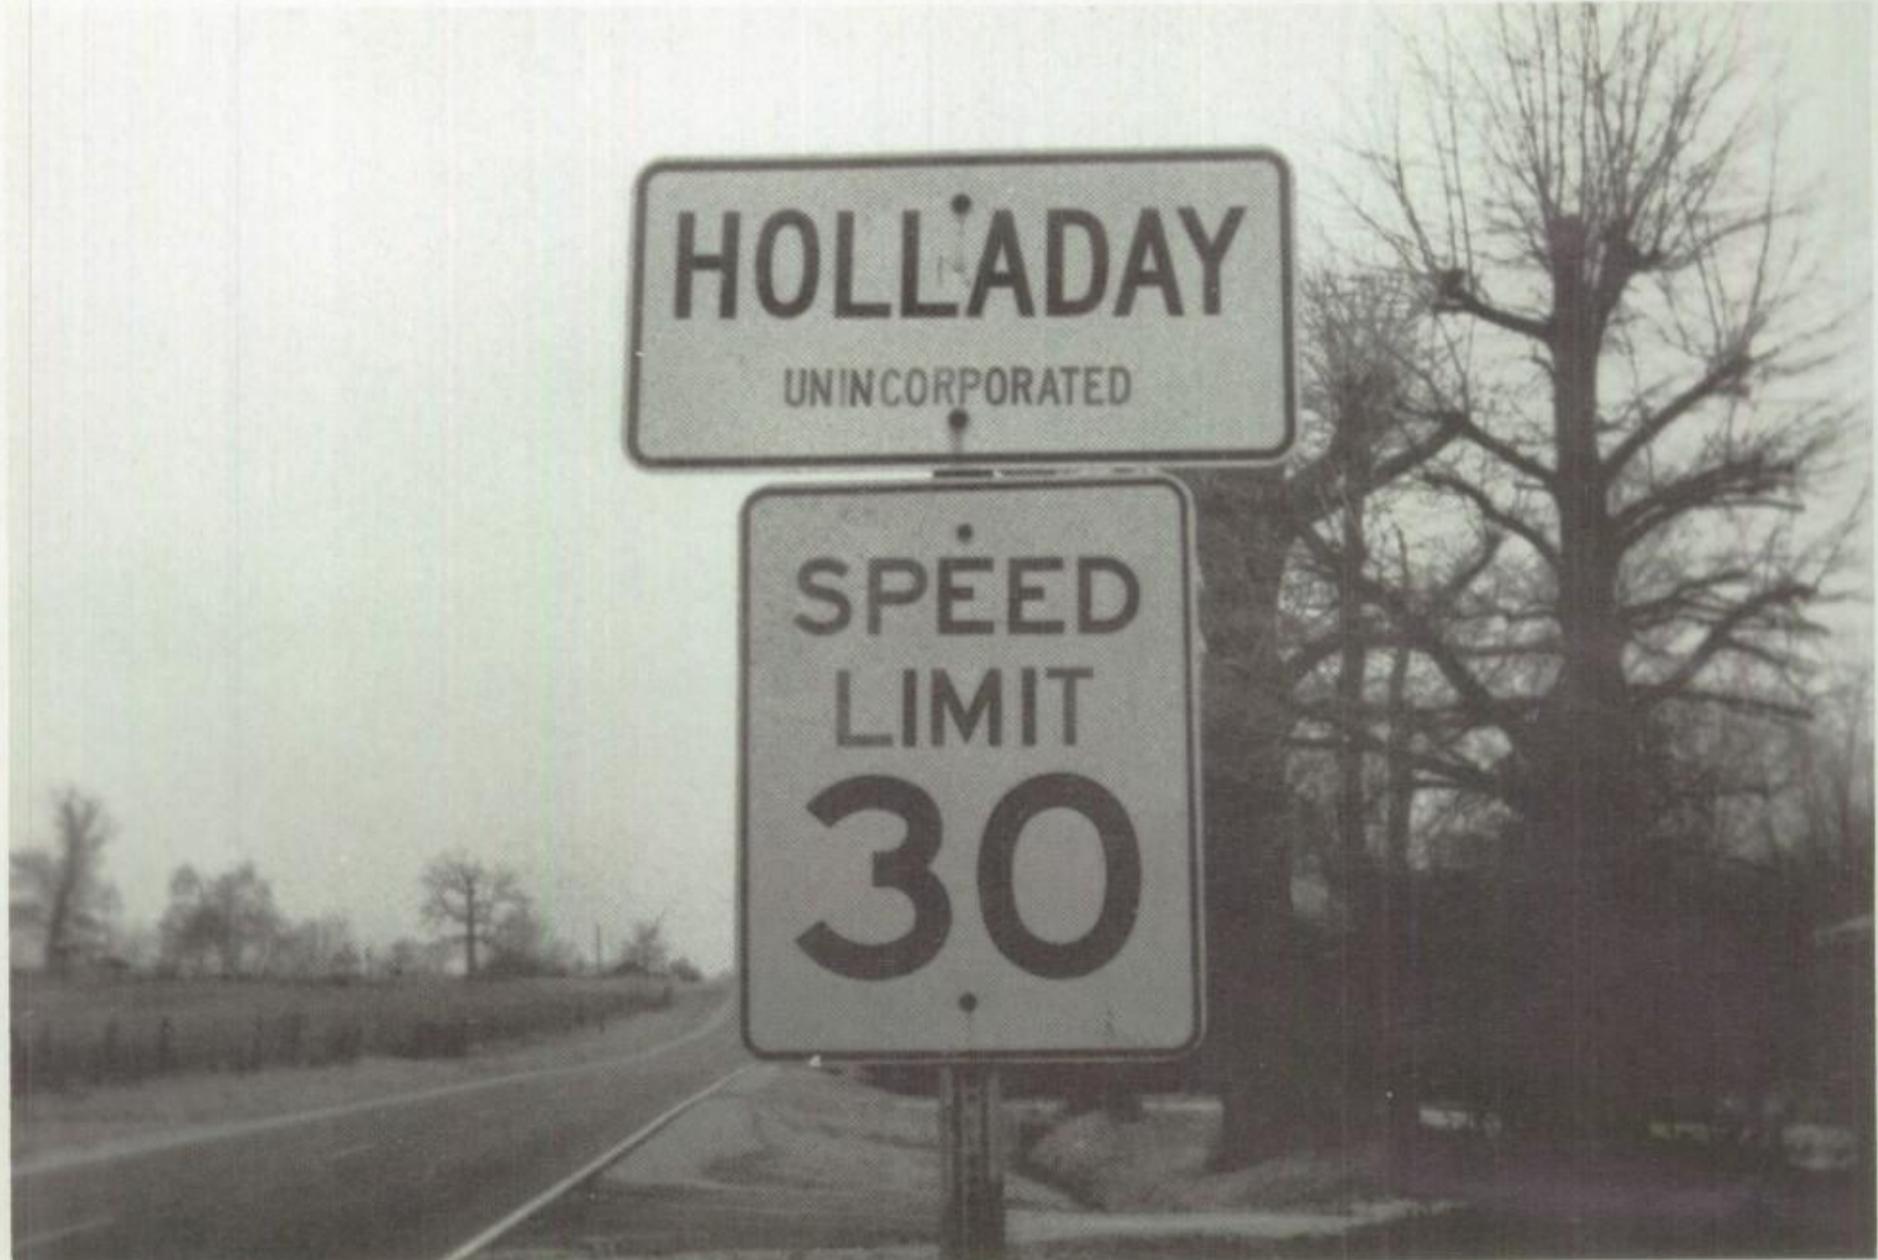

## DEDICATION

We, the Senior Class of 1978, wish to dedicate our annual to our parents, who we sincerely love and respect, and we hope that we have pleased them with the efforts that we have put forth through the years.

Our parents have been responsible for our success. They are the ones who pulled us out of bed and pushed us through the door on our way to school. In other words, they were the ones who encouraged us to do our best.

The 1978 TORNADO is proudly dedicated to our parents.

## *PRINCIPAL'S MESSAGE*

As you seniors stand at this crossroads of life, there are many paths from which to choose. Not all the paths lead to successful and happy lives. The road you travel is entirely your decision. I hope that the years you have spent here at Holladay School getting your education will help you in choosing the right road to a future that will be both happy and productive.

May good fortune and good sense be with you as you take your respective places in society.

## *Will*

I, Sandra Baker, will my attacks to Rita Stokes.

I, Debbie Baker, will my ability to stay between the ditches to Joe and Ricky Baker.

I, Monica Flowers, will my ability to keep the Farrah look at all times to Tina Hardin.

I, Debbie Kelly, will my smile to Mr. Hollingsworth because he will need it in the years to come.

I, Jill Chappell, will my good times, good looks and intelligence to the most unfortunate person in the Junior Class which is Linda Cagle.

I, Jeff Malin, will my ability to ride a motorcycle to Bobby Malin and Ricky Gentry.

I, Debbie Inman, will my matchmaking ability to Donna D. I give up. Maybe she can succeed where I failed.

We, the Senior Class, will the last three inches of this page to Mrs. Dedmon, because we couldn't fit her on the annual staff page.

Ms. Charleen Dedmon  
Annual Sponsor

## *Prophecy*

It's the year 2028, the Golden Anniversary of the Seniors of 1978. The State Commissioner of Education Charles Hubbs was the guest speaker. He announced that in view of the inferior education offered at Camden Central High School, the recently condemned building, still unpaid for, will be officially closed at the end of the first semester.

The students will be bused to the newly constructed \$30,000,000.00 Holladay High School where they will receive a more well-rounded education.

Demolitions expert Jeff Malin has been commissioned to destroy the consolidated high school.

As we were all gathered around talking about old times, we found out what everyone was doing now.

Debbie Kelly is still making milkshakes at Stuckey's trying to make enough money to marry Dennis, that is if Jimmy Lee and Evelyn will ever sign for her.

Debbie Inman has just gotten out of college and has opened up her own Veterinarian Clinic. She doctors all the deer that Glen runs over, and all his squirrel dogs.

Sandy Baker spent 20 years in cooking school. She has taken Bertie's place as the head chef in the cafeteria at Holladay High School.

Debbie Baker is still running the roads in her Firebird. She is preparing for the big Holladay 500.

Jill Chappell can still be seen to this day sitting in the Wismers parking lot talking to her many beaus.

Monica Flowers is in the process of designing the soon-to-be Hyatt Regency of Holladay. On completion, it will be 115 stories high.

Mr. McCormack is still teaching World Geography from his wheelchair and yelling, "Listen up."

Mrs. Branch, now known as Mrs. Glover, and Ralph are stars with all fifteen of her children in that hit television series *Glover's Stew*. She coaches basketball.

Mr. Jim Hollingsworth has had a mouth transplant from Farrah Fawcett and now he smiles all the time.

Dora Hollingsworth now has 15 children, 10 grandchildren, and 5 great grandchildren. She's still living it up.

Susan Bowman's house is finally finished and she's about to move in.

Mrs. Dedmon is still like she always was teaching English with vim and vigor.

Dorothy Cain and Irene Hollowell still push their brooms up and down, the halls, waiting for Mr. Hollingsworth to buy them a vacuum cleaner.

To our surprise Mr. Duncan was wheeled into the room on a hospital bed. His last words were "WHOOP, WHOOP, WHOOP . . .".

## MESSAGE FROM SENIORS

Fellow Students of Holladay High School:

We the Senior Class of 1978 wish to express our thoughts about education. We feel that our school meets the same educational requirements as any other school in the county. We realize that this is probably the High School's last year as it is ours. And we feel that if our high school is closed and the students are bused to Camden, that all of you can be just as good in their curriculum and activities as they are.

Fight to keep the school as long as you can, but if and when you're defeated, end your fighting, because it can do you no good.

We'll All Miss Ya
